

Recognized Lawyer and Psychic Medium Susan Lander Channels 22 Famous Spirits in her Fascinating New Book, "Conversations with History: Inspiration, Reflections, and Advice from History-Makers and Celebrities on the Other Side"

Celebrated Medium Shares Powerful Messages and Wisdom Famous People From Throughout History Wish to Share With the World

New York, June 17, 2014 - Have you ever wondered how celebrities and other public figures would reflect on their lives since they passed? In her new book, *Conversations with History: Inspiration, Reflections, and Advice from History-Makers and Celebrities on the Other Side*, published by Hay House, author, lawyer and psychic medium Susan Lander channels powerful conversations with 22 famous spirits, including Charlemagne, Ben Franklin, Andy Warhol, Steve Jobs, Eva Perón, Walt Disney, Mahatma Gandhi, and more.

Channeled by Lander and written in interview format, *Conversations with History* takes us on a unique journey with 22 spirits who were famous (or infamous) during their time on Earth, ranging from 600 B.C. to 2011 A.D. Renowned personalities have returned with the clarity that can be gained only from the Other Side. These spirits are taking center stage once again to offer new insights into their lives and share important messages with us about abundance and prosperity, love and relationships, creativity and art, personal responsibility for the world around us, and the legacy we leave for future generations. In every interview, there are simple but powerful lessons that we can use to improve our lives every day.

"I've learned that sharing these messages from spirits who were famous while they were here on Earth is more than just fun and entertaining—which it certainly is! It's also enlightening in unexpected ways, and helps to bring about deep personal change and transformation by inspiring people to take action on their dreams," says Lander. She adds, "If I could sum up what these spirits have taught me, it's this: expressing your individual gifts are the key to your success and happiness. You did not come here to conform to other people's ideas of who and what you should be. So follow your inner voice, and take action on your dreams now."
